

## **Director, CNS/Neurology**

Come join our world-class team evaluating and in-licensing novel Chinese therapeutic product opportunities for Western development.

**HUYA Bioscience International** is a leader in enabling and accelerating the global co-development of novel biopharmaceutical product opportunities originating in China. With the largest Chinese compound portfolio covering all therapeutic areas, HUYA has emerged as the partner-of-choice for building and maximizing the value of biopharmaceutical innovation from China. HUYA is jointly headquartered in San Diego, CA, and Shanghai, PRC.

In the continued development of our biopharmaceutical product portfolio, HUYA is seeking a self-motivated individual to work in a fast-paced environment as a member of our rapidly growing team.

The successful candidate will be capable of critically analyzing and accurately summarizing a wide range of preclinical and clinical data in the area of CNS/neurology, evaluating programs for scientific merit and competitive advantage, managing preclinical and early clinical development programs, as well as interacting with Chinese and western pharmaceutical partners.

Responsibilities include:

- Oversee evaluation, prioritization, tracking, and follow-up of new and existing opportunities from China
- Identify in-licensing opportunities for internal development and presentation to partners
- Perform detailed due diligence on top portfolio compounds
- Run the team responsible for the preclinical and clinical development of novel neurological therapeutics

The position requires a Ph.D., M.D. or Pharm.D. degree with at least ten years of pharmaceutical/biotech industry experience in multiple CNS/neurology indications (e.g. psychiatric disorders, neurodegenerative diseases, pain), as well as in depth knowledge of the R & D landscape, including development and regulatory requirements in this area.

The candidate must possess excellent written/verbal English communication skills and the ability to function in a fast-paced and highly team-oriented environment. Fluency in written and oral Mandarin Chinese is a plus.

The position is full-time and the candidate must be within commuting distance to HUYA's San Diego, CA headquarters.

Well-qualified candidates should send their resume to [recruit@huyabio.com](mailto:recruit@huyabio.com) and reference the position " Director, CNS/Neurology Position" in the subject line.
